 - Communicate with the telecom company team and ensure all the services are going smoothly.
- Business or sector IT and Telecom Industry
- 14/03/2013-07/08/2013 **Intern Software Developer**
 Merita Technologies www.meritatech.com
- Design and develop web applications.
 - Propose new ideas for development.
 - Creating unit tests.
 - Manual testing of soft wares.
- Business or sector IT and Telecom Industry

EDUCATION AND TRAINING

- 01/09/2009-08/07/2014 **Bachelor of Science Computer Engineering**
 Addis Ababa Institute of technology, Addis Ababa, Ethiopia
<http://www.aait.edu.et/>

05/27/2019-11/30/2019

Backend Engineering Specialisation

Gebeya Academy

<https://www.gebeya.training/>

PROJECTS INVOLVED IN	
	<ul style="list-style-type: none"> ❖ File compressor using Huffman compression (Java). <ul style="list-style-type: none"> ✓ Client: School Project ✓ Description: File Compressor software for compressing files ✓ Responsibilities <ul style="list-style-type: none"> ➤ Requirement Analysis design and development of the product ➤ Prepare test cases and test the system. ➤ Optimise the software for maximum file compression.
	<ul style="list-style-type: none"> ❖ Hotel Management System (ASP.net, MySQL). <ul style="list-style-type: none"> ✓ Client: School Project ✓ Description: A Hotel management system is used to manage the booking of hotel rooms. ✓ Responsibilities <ul style="list-style-type: none"> ➤ Requirement Analysis design and development of the product ➤ Prepare test cases and test the system. ➤ Prepare a draft for feature development.
	<ul style="list-style-type: none"> ❖ Finance management and Reporting System (CodeIgniter, PostgreSQL, HTML, jQuery, JavaScript). <ul style="list-style-type: none"> ✓ Client: Lefayda Microfinance ✓ Description: A Reporting module for comprehensive core banking module. ✓ Responsibilities <ul style="list-style-type: none"> ➤ Writing stored procedures for reporting ➤ Developing the frontend to display reports.
	<ul style="list-style-type: none"> ❖ Grocery delivery system (Node.js, Android, MySQL, Loopback, Google Map API). <ul style="list-style-type: none"> ✓ Client: X-Cog Technologies ✓ Description: A Delivery system that connects Grocery Shops and costumers. ✓ Responsibilities <ul style="list-style-type: none"> ➤ Requirement Analysis design and development of the product ➤ Prepare test cases and test the system. ➤ Prepare a draft for feature development.
	<ul style="list-style-type: none"> ❖ IO Simulator for PLC (C++, Qt, C, Lua, python, SQLite). <ul style="list-style-type: none"> ✓ Client: OMO Sugar Factory ✓ Description: A input/output Simulator to test the automation of sugar factory ✓ Responsibilities <ul style="list-style-type: none"> ➤ Requirement Analysis design and development of the product ➤ Prepare test cases and test the system. ➤ Enable the software to support multiple IO Modules.
	<ul style="list-style-type: none"> ❖ SFC Editor for machine programming (C++, Qt, C, Lua, SQLite). <ul style="list-style-type: none"> ✓ Client: OMO Sugar Factory ✓ Description: A Software that generates code for automating machines by using graphical device. ✓ Responsibilities <ul style="list-style-type: none"> ➤ Requirement Analysis design and development of the product ➤ Prepare test cases and test the system ➤ Giving bug fix support.
	<ul style="list-style-type: none"> ❖ Serial Communication module for embedded processor (C++, Qt, C, Lua, python, Sqlite). <ul style="list-style-type: none"> ✓ Client: OMO Sugar Factory. ✓ Description: A Serial Communication module for industrial devices using Olimex MCC. ✓ Responsibilities <ul style="list-style-type: none"> ➤ Requirement Analysis design and development of the product ➤ Prepare test cases and test the system.

	<ul style="list-style-type: none"> ❖ Distributed Control System for sugar factory automation (C++, Qt, C, and Lua). <ul style="list-style-type: none"> ✓ Client: OMO Sugar Factory. ✓ Description: A Distributed Control System for one of the biggest factories in Ethiopia using Moxa IO Module. ✓ Responsibilities <ul style="list-style-type: none"> ➤ Requirement Analysis design and development of the product ➤ Prepare test cases and test the system. ➤ Optimise the software to support various failures
	<ul style="list-style-type: none"> ❖ GIS Enabled Asset Management System (CodeIgniter, Map server, Openlayers, PostgreSQL). <ul style="list-style-type: none"> ✓ Client: Horizon Express. ✓ Description: A GIS Enables Asset Management System used to track items using locally developed hardware. ✓ Responsibilities <ul style="list-style-type: none"> ➤ Requirement Analysis design and development of the product ➤ Prepare test cases and test the system. ➤ Optimise the Open street map data and its rendering
	<ul style="list-style-type: none"> ❖ Mall Guide Mobile Application (Grails, MySQL). <ul style="list-style-type: none"> ✓ Client: School Project. ✓ Description: A Mall Guide and notification system fall malls in Addis. ✓ Responsibilities <ul style="list-style-type: none"> ➤ Requirement Analysis design and development of the product ➤ Prepare test cases and test the system.
	<ul style="list-style-type: none"> ❖ Online Training System (ASP.net, Microsoft SQL Server). <ul style="list-style-type: none"> ✓ Client: OTIS Elevator ✓ Description: A Gamified Training system for Sales personnel. ✓ Responsibilities <ul style="list-style-type: none"> ➤ Requirement Analysis design and development of the product ➤ Prepare test cases and test the system.
	<ul style="list-style-type: none"> ❖ Human resource information system (CodeIgniter Framework, PostgreSQL). <ul style="list-style-type: none"> ✓ Client: Tracon Trading ✓ Description: A Human Resource management system. ✓ Responsibilities <ul style="list-style-type: none"> ➤ Requirement Analysis design and development of the product ➤ Prepare test cases and test the system.
	<ul style="list-style-type: none"> ❖ School Management System (CodeIgniter Framework PostgreSQL). <ul style="list-style-type: none"> ✓ Client: Nejashi School ✓ Description: A School Management system and connects the teachers with the parents ✓ Responsibilities <ul style="list-style-type: none"> ➤ Requirement Analysis design and development of the product ➤ Prepare test cases and test the system.
	<ul style="list-style-type: none"> ❖ SMS Management System (Laravel Framework, Maria DB). <ul style="list-style-type: none"> ✓ Client: Zokida Consult. ✓ Description: A SMS Management system to send bulk sms and receive from clients. ✓ Responsibilities <ul style="list-style-type: none"> ➤ Requirement Analysis design and development of the product ➤ Prepare test cases and test the system.
	<ul style="list-style-type: none"> ❖ Recipe Management and E-Commerce System (React, Node.js, Mongo dB). <ul style="list-style-type: none"> ✓ Client: Mooyash Plc. ✓ Description: A Mobile Application for live cooking and recipe management. ✓ Responsibilities <ul style="list-style-type: none"> ➤ Requirement Analysis design and development of the product ➤ Prepare test cases and test the system. ➤ Develop the idea and draft new features.

	<ul style="list-style-type: none"> ❖ Payment Platform and Digital Finance System (Spring Framework, MySQL Server, PostgreSQL Mongodb). <ul style="list-style-type: none"> ✓ Client: Pagatech. ✓ Description: A Payment platform that is implemented in Nigeria and has more than 16 million active users. ✓ Responsibilities <ul style="list-style-type: none"> ➤ Giving Bug fix and support for the clients. ➤ Develop new APIs and integration with other platforms
	<ul style="list-style-type: none"> ❖ Project management tool for fundraisers and NGOS (asp.net core , Angular) <ul style="list-style-type: none"> ✓ Client: Moyo. ✓ Description : A project management tool that helps fundraisers to plan and manage their projects from imagination to implementation phases ✓ Responsibilities <ul style="list-style-type: none"> ➤ Giving Bug fix and support for the clients. ➤ Develop features.
	<ul style="list-style-type: none"> ❖ Dynamic Reporting tool for Freight management (.React , PHP) <ul style="list-style-type: none"> ✓ Client: Moyo. ✓ Description: A dynamic reporting tool for customers and admins to generate a dynamic report for multiple datasets. ✓ Responsibilities <ul style="list-style-type: none"> ➤ Develop new features.
	<ul style="list-style-type: none"> ❖ Online Gallery, Dynamic website and Directory portal (React.js, Node.js , Mongodb) <ul style="list-style-type: none"> ✓ Client: Ministry of Culture and tourism. ✓ Description: three government portals for archiving images ,dynamic interactive website and Government directory portal ✓ Responsibilities <ul style="list-style-type: none"> ➤ Develop new features.

PROGRAMMING SKILLS

- ❖ **Object Oriented Programming** C++, Java, JavaScript ,C#
- ❖ **Embedded Programming** C, Python, Lua
- ❖ **Backend** PHP, .NET Core, CodeIgniter, Laravel, Map Server, Node.js/Express/loopback, Spring MVC, Spring Boot and Spring Core
- ❖ **Frontend** HTML, JavaScript, JQuery, React.js, Openlayers, Angular
- ❖ **Database** PostgreSQL, MySQL, Mongo dB, Microsoft SQL Server, Maria DB
- ❖ **Frameworks Documentation Tools** Swagger, API Doc, Spring Rest Doc
- ❖ **Version control tools** Git, SVN
- ❖ **Methodologies** Agile, Scrum, Waterfall.
- ❖ **Web and application servers** Apache, Tomcat, Nginx
- ❖ **DevOps** Jenkins, Docker, Kubermetes
- ❖ **SMS Gateway tools** Kannel, OzekiSMS

SOFTWARE PROFICIENCY SKILLS

- ❖ Code-blocks for C++, IAR for C, Eclipse for Java, Android Studio for Android, IntelXDK for mobile app, MATLAB for analysis and data visualisation, Qt for C++, Inkscape and Gimp for graphics editing, GitLab and RapidSVN version control system, Microsoft Office, Postman.

DevOps SKILLS

- ❖ AWS, Scheduled systems, Jenkins, Docker, Kubermetes and shell scripting.

OPERATING SYSTEM PROFICIENCY SKILLS

- ❖ Windows, Ubuntu, Debian and kali Linux with command line expertise.

PERSONAL SKILLS

Mother tongue Amharic

Other language	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken interaction	Spoken production	
English	Proficient	Proficient	Proficient	Proficient	Proficient
	IELTS Certification awarded with over all band score of 6.5				
Arabic	Basic	Basic	Basic	Basic	Basic
	No International certification awarded				

Communication skills Good communication skills gained through my experience as software developer

Organisational / managerial skills Good leadership and organisational skills gained as a team leader in company projects and in managerial positions.

Job-related skills Fast learning skills, adaptability with new technologies and perseverance to work.
